SANDWICHES

Specialty Sandwiches/Salads

1. Turkey Bacon Avocado – What do you get when you get when you add sliced turkey and avocado to a BLT? Perfection. Suggested Bread: Jalapeño Cheddar
2. Roast Beef Horseradish Slaw-Wich – Inspired by the greatness of the slaw-burger, we add horseradish to our handmade coleslaw to give the creamy crunch a little bite. Suggested Bread: Light Sourdough
3. Cilantro Pimento Cheese – Feather shredded sharp cheddar cheese, pimentos, diced celery and cilantro is converting confirmed carnivores to vegetarians every day. Suggested Bread: Light Sourdough
4. Sour-Pickle Tuna Fish Salad – The sour pickle should be consumed by non-Texans only under strict supervision, but the sour of the pickle and the sweet of the bell pepper make the perfect tuna sandwich. Suggested Bread.
5. Grüne Garden Salad – We start with a bed of crisp greens and add bell peppers, tomatoes, cucumbers, and top it off with feather shredded cheddar cheese and jalapeño cheddar croutons. Add chicken breast or Sour-Pickle Tuna Salad to make it an Entrée.
